The 'Club' sofa (seen here) chair and foot rest, designed by Kipp Stewart, are new additions to Summit Furniture's First Cabin collection. Softened with seat and back cushions, the frame is made of sustainable, reforested, plantation-grown teak, measures 76 x 175 x 86cm, and costs £4,600, plus seven-and-a-half metres of fabric. For stockists, call 020-7795 3311, or visit www.summitfurniture.com

Zoffany's 'Chambalon' wallpaper is based on a popular print of the same name from the company's Archive Prints III collection, and is adapted from an eighteenth-century wall hanging. It has been printed on a smaller scale than the fabric, but retains the hand-printed look. It is 68cm wide, and costs £60 a 10-metre roll. For stockists, call 0844-543 4600, or visit www.zoffany.com
