GIMME SHELTER

Shade seekers need look no further than Santa Barbara Designs. “Fit for Presidents and Kings,” each umbrella is a unique creation, custom-crafted, and individually registered. New combinations of textiles, colors, and patterns, paired with exotic hardwoods and solid brass or polished stainless steel fittings, make for sturdy construction. Function dictating form gracefully embodies and provides welcome refuge engineered to withstand sun and surf, as well as the appraising eye of an elite clientele. For relaxing in the water, under the shade, on the dock or deck, all Santa Barbara Designs umbrellas are crafted and hand-finished in California. Our pick for summer is the Mirasol Flamenco.

Available to the trade at Allan Knight Showroom
150 Turtle Creek Blvd., Suite 101
