# NINA CAMPBELL COLLECTION

Summit Furniture, the leading maker of premium furniture for outdoor living, has teamed up with British interior designer Nina Campbell to add new offerings to its recently launched Summit Endurance Fabrics line of high-performance textiles. The namesake collection for Summit — Campbell's first foray into indoor-outdoor fabrics — includes five new patterns inspired by nature, fashion and iconic destinations around the globe. Infused with the London-based designer's signature blend of wit and sophistication, the Nina Campbell Collection for Summit also introduces five new color ways evocative of organic elements such as minerals and gemstones.

## CUSHION CARE & MAINTENANCE

Cushion cores are constructed with resonated fiber wrap over Dri-fast™ foam. Pillow cores contain cluster fiber with a mildew-resistant ticking cover.

Fabric is C.O.M. (Customer's Own Material). Summit offers 100% solution dyed acrylic fabrics and 100% solution dyed polypropylene fabrics in a variety of colors, styles and patterns. Contact Summit or the nearest representative showroom for prices and additional information.

The combination of Summit's core construction and solution dyed fabric makes our cushions and pillows ideal for outdoor use. Store your cushions in a dry area when not in use to prolong their life. If your cushions and pillows do get wet, unzip them and stand them on end to facilitate drying.

Please contact your showroom representative with any questions regarding maintenance. With minimal care, your Summit furniture will stay beautiful for many years to come.
